### Meet Ed Norton

Have you thought about what you'd do if confronted by an active shooter?

At work? Church? School? Grocery Store? Movies?

Sadly, most of us have. And while we might lament the possibility, we do have ways to mitigate and control such a horrific scenario.

Ed Norton, CEO of Norton Enterprises and Norton Consulting & Investigations will be our guest presenter at the upcoming Summerlin Rotary Professional Development Seminar. He will share invaluable tips to anticipate such an event and how to react if you find yourself facing an active shooter or crowd panic. Norton brings a lifelong career in the military, investigations and executive protection. He also will address crowd safety and other personal safety strategies.
